Typhoon Texas Jr. Pump House

Progressive Commercial Aquatics

The Typhoon Jr. spans approximately four acres and includes five new junior-sized versions of the parks' most popular water slides. The new area is specifically designed to provide a family-friendly level of excitement for young guests and children up to 54 inches tall. Progressive Commercial Aquatics had the pleasure of installing everything in the pump house, which features top-of-the-line equipment such as a Neptune Benson Defender filter, Accu-Tab and Acid Rite Chemical Systems, and a Chemtrol Chemical Controller.

Franklin Wellness Center Therapy Pools

Progressive Commercial Aquatics

Located at the Franklin Foundation hospital in Franklin, Louisiana, the Franklin Wellness Center therapy pools aid in the physical recovery and wellness of its patients. The hospital features a rectangular 4-lane lap pool and a separate exercise pool both equipped with stair entries, ADA lifts, and other safety equipment. This project was completed in May of 2023.

United Airlines Training Facility

Progressive Commercial Aquatics

United Airlines Inflight Service Training Facility has a new aquatic center equipped with a 125,000-gallon pool, where trainees can practice evacuating a cabin full of passengers onto inflatable slides and rafts during an emergency water landing. The aquatic center also includes a mock fuselage with a cabin simulator to provide hands-on flight attendant training. With an additional 56,000-square-feet of classroom and training spaces, United can instruct 600 flight attendants per month during its six-and-a-half-week course.

Corpus Christi Splashpads

Progressive Commercial Aquatics

With community concerns of limiting options for a cool place to play, The City of Corpus Christi responded with a bond proposal approval that included funds to add splash pad amenities to Bill Whitt, Salinas, and Lindale parks. The splash pads are a free, safe play option that parents and children of Corpus Christi need. They will be the first of their kind for the city and we know the kids will love them!

Club Westside Lazy River

Progressive Commercial Aquatics

Lush tropical landscaping surrounds over 1,000 linear feet of lazy river, 200 feet of action-river, a triple slide mountain, numerous waterfalls, rock work, and grottoes resulting in a unique member experience. A first in the United States slide feature called the High Fly allows guests to engage in a one-of-a-kind thrill similar to how a ski jumper feels at the moment of launch. This project was the merger of inspired design, creative engineering, and precise execution.
